Dear Clerk:

On October 20, 2010, Aqua South Carolina, Inc. (Aqua) filed an application to sell the wastewater collection system serving Brookside Village in Spartanburg, South Carolina to the Spartanburg Sanitary Sewer District. Aqua has since made all the necessary notices to the customers and governmental officials and posted the appropriate notice in the newspaper serving the service area. On November 26, 2010, the return date expired with only the Office of Regulatory Staff (ORS) as an intervenor. It is our understanding that since there are no additional pending intervenors, the ORS is not in opposition of the sale.

We respectfully request this matter be considered by the South Carolina Public Service Commission at the next available meeting. Both parties are hopeful to settle this matter prior to the end of the year and are prepared to do so.

Thank you for your consideration and feel free to contact me should you have any questions.

Sincerely,
